DETAILED ACTION

Claim Objections

Claim 16 is objected to under 37 CFR 1.75(c) as being in improper form because a multiple dependent claim should refer to other claims in the alternative only, and/or, cannot depend from any other multiple dependent claim. See MPEP § 608.01(n). Accordingly, the claim has not been further treated on the merits.

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1-19 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

The claims are generally narrative and indefinite, failing to conform with current U.S. practice. They appear to be a literal translation into English from a foreign document and are replete with grammatical and idiomatic errors.

Additionally, and as a further example, claim 1 appears to repeat several limitations more than once in the same claim, and the repeating features render the claim indefinite and confusing. For example, "a folding and overlapping operation of said film by a forming apparatus," (lines 6-7), and "said film is folded in two and overlapped in a horizontal attitude by said forming apparatus, and bag-making

operations following said folding and overlapping are performed on said film that is fed in a horizontal attitude," (lines 21-23).

It is respectfully suggested that all claims be reviewed and revised to make the claims clear and concise, and so that they comply with 35 USC 112, 2nd paragraph.

Allowable Subject Matter

Claims 1-19 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
